Hi Kevin,

Thank you for sending us the written Timeline of Events for the meeting yesterday and for your summary of activities and analysis to date. We were not aware of some of the activities you mentioned. At this time, we will not send the Notice of Noncompliance letter, considering that some progress has occurred at the site. However, that is contingent upon receiving a schedule for conducting vapor sampling, which you indicated you are planning to do very soon. I understand that you are in Indiana today, but I noted that you said you would email me (cc to Michele Norman and Joe Martinez) a schedule for vapor sampling by May 10th. Please let me know if you cannot meet that deadline for a response.

Thank you,
Linda
