Good point. Let's skip December this year, and start in January. Thanks!

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Cindy –

We were planning to do the freeze protection inspections, but I'm wondering if you'd like to have them done this month or not. We didn't have a hard freeze yet and this week is expected to be unseasonably warm (as I'm sure you've heard), and no one knows what the weather will do the next couple of weeks.

We could wait until January (not bill this month) or, depending on Tom's availability, we could also wait until the last week of the month.

Let me know what you prefer.

Thanks,
Kat
