**Re: Private Potable Water Well Sampling Request  
Oconomowoc Electroplating Company, Inc. (OECI) Superfund Site**

Dear Mr. Aschenbrenner or current resident:

Hyde Environmental, Inc. (Hyde), on behalf of the Wisconsin Department of Natural Resources (WDNR) and the U.S Environmental Protection Agency (EPA), is monitoring groundwater contamination at the Oconomowoc Electroplating Company, Inc. (OECI) Superfund Site (Site).

Hyde is requesting permission to collect a water sample from your potable (drinking water) well to determine whether it has been impacted by groundwater contamination from the Site. The potable well sampling will be completed at no cost to you and a summary of the analytical results will be provided to you within 10 days of receipt of the results.

Hyde personnel would like to collect a water sample from an outside source (spigot) during the week of November 14<sup>th</sup>. We are requesting that you contact us (contact information below) prior to Thursday, November 10<sup>th</sup> to confirm access to collect the water sample. It is important that we obtain access to your property for the required groundwater sampling to protect public health and the environment.

Thank you for your assistance in this matter. To confirm access, or if you have any questions about the potable well sampling, please contact us at (262) 250-1226 or me directly at (262) 606-0804 or cpagels@hyde-env.com.

Sincerely,  
HYDE ENVIRONMENTAL, INC.
