**Re: Private Potable Water Well Sampling Request  
Oconomowoc Electroplating Company, Inc. (OECI) Superfund Site**

Dear Mr. Aschenbrenner or current resident:

Hyde Environmental, Inc. (Hyde), on behalf of the Wisconsin Department of Natural Resources (WDNR) and the U.S Environmental Protection Agency (EPA), is monitoring groundwater contamination at the Oconomowoc Electroplating Company, Inc. (OECI) Superfund Site (Site).

Hyde is requesting permission to collect a water sample from your potable (drinking water) well. The potable well sampling will be completed at no cost to you and a summary of the analytical results will be provided to you within 10 days of receipt of the results.

Hyde personnel would like to collect a water sample from an inside or outside source (spigot) during the week of March 20<sup>th</sup>. We are requesting that you contact us (contact information below) prior to Thursday, March 16<sup>th</sup> to confirm access to collect the water sample. It is important that we obtain access to your property for the required groundwater sampling to protect public health and the environment.

**To confirm access, and arrange a time** for us to sample your water, or if you have any questions about the potable well sampling, **please call or text me at (262) 227-5878 or email me at [jclindemann@hyde-env.com](mailto:jclindemann@hyde-env.com)**. Thank you for your assistance in this matter.

Sincerely,  
HYDE ENVIRONMENTAL, INC.
