Subject: Former Hein-Werner Property
1005 Perkins Avenue, Waukesha, Wisconsin
FID #:268091890, HW/GENCL

Dear Mr. Buffington:

This letter acknowledges receipt of the revised site investigation work plan for the former Hein-Werner property, dated February 12, 1999. The Wisconsin Department of Natural Resources conditionally approves this plan as proposed, pending inclusion of the following:

1. Snap-On Tools shall comply with the work plan, dated November 9, 1998, the revised work plan, dated February 12, 1999, and the Department's Order, dated September 29, 1998. In the event of any discrepancies, the Department's Special Order shall take precedence.

The Department reserves the right to require additional work if the site investigation proves insufficient to:

- Define the degree, extent and character of the contamination at the site.
- Develop an adequate remedial action plan.

Should you have any questions, please contact me at (414)229-0849. Thank you.

Sincerely,

Scott J. Ferguson, Hydrogeologist
Waste Management Program
