Dear Mr. Stanley and Mr. Charles Skrzypek:

The Wisconsin Department of Natural Resources (WDNR) was notified on October 6, 1998 that a spill was discovered at the above-referenced location. In a letter October 18, 1998 the Department informed you of your legal responsibilities to address the situation. Because you did not respond to that letter, you were sent another letter on April 1, 1998, asking you to notify us of your intentions regarding cleanup at this site. The Department has yet to receive any information describing investigation or remediation at this site. Your letter of April 19, 1998 does not fulfill this requirement.

If cleanup activities have not been implemented, you must hire an environmental consultant by February 4, 1999, and have them submit written verification to this office that they have been hired to address this problem. By March 4, 1999, your consultant must submit a site investigation work plan.

If investigation and/or remediation has occurred, you must provide the Department with documentation describing these activities by February 4, 1999.

If this situation is not adequately addressed this case will be referred for enforcement action and a Notice of Violation issued.

All reports and correspondence should be sent to the WDNR at the following address:

Wisconsin Department of Natural Resources
 Attn: Kevin McKnight
 905 Bayshore Drive, Box 2565
 Oshkosh, WI 54903

All submittals must be identified with the WDNR BRR CASE ID number; unless otherwise requested, please send only one copy of all submittals.

The Department will enforce Wisconsin's cleanup laws and we will cooperate with you in any way that we can within the limits of our own responsibilities. However, if you fail to comply with the requirements listed in this letter, the next step in the process will likely be a Notice of Violation and enforcement conference. Your cooperation in this matter would be appreciated.

Please do not hesitate to contact me at (920) 424-7890 if you have any questions about this letter.

Sincerely,

Kevin D. McKnight
