Mr. Wayne Butz
Reedsburg Cleaners
349 Main Street
Reedsburg WI 53959

SUBJECT: Reedsburg Cleaners, 349 Main St

Dear Mr. Butz:

The Department contacted you by letter on November 15, 1995, and advised you of your responsibilities under the Wisconsin Spill Law for the clean up of the chlorinated compounds at this site. You were given 30 days to hire a consultant and submit a proposal to investigate the full extent of contamination. On January 22, 1996, the Department sent a letter reminding you of your responsibilities. Apparently, you had not received some correspondence from the Department.

On April 24, 1996, you were sent a Notice of Violation. You responded May 10, 1996, with a letter stating you had hired Advent Environmental. The Department has received no response to the letter outlining your responsibilities for the Leaking Underground Storage Tank (LUST) site at the same address sent July 31, 1996.

I have tried to contact you by telephone. I have also contacted Advent Environmental. They indicated that they have discussed this site with you but that you have not entered in a written contract to have them perform the work.

We are requiring you to respond in writing within 15 days from the date of this letter outlining your intentions for conducting an investigation of your property. Please be advised that failure to respond will be viewed as a negative response.

Sincerely,

Darcy Congo
Remediation & Redevelopment Hydrogeologist
