Monitoring wells will be sampled for VOCs, TOC, ethane/ethene/methane, and the field parameters pH, DO, ORP, specific conductivity, and temperature.

Cost approved for this change order is \$4,080 for consulting and \$1,380 for sub-contractors, for a total of \$5,460. The total cost approved to date for this site is \$169,879.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.
