Tom

Could you please let me know what the status is with the above-referenced site. Based on the review of the file it looks like you need to submit a letter requesting approval of the consultant you want from the SI Bid proposals that were submitted a while back. I'm not sure if the proposals would still be acceptable based on how old they are.

Let me know what's going on and where things are with this site as soon as you can.

Thanks
