This site was discussed during the 5/6/2021 NER Peer Review. No EC sampling is recommended at this time. EC scoping statement uploaded to BRRTS (20210412- AC114).

-No history of use of PFAS related materials ( waterproofing, stain guard) in significant quantities in site operations. Limited to spray cans used after dry cleaning.

-On municipal sewer.

Hi Kevin & Roxanne,

I received a PFAS scoping statement for Troy Laundry and Cleaners in Sheboygan County at the same

time as, but separate from, the closure request.

[\\central\efiles\Staging\NER\Sheboygan\\_60\0260385641\\_TROY\\_LAUNDRY\\_AND\\_CLEANERS](\\central\efiles\Staging\NER\Sheboygan_60\0260385641_TROY_LAUNDRY_AND_CLEANERS)

I discussed this with Rox during our check-in on Friday and it's been tracked as a stand-alone scoping statement on 4/12/21 and concurrence that it's adequate on 4/12/21. This may be one that needs to go to the PFAS review committee as there was waterproofing/stain resistant application via spray cans, however, the use appears to be minor and application was after the items were dry-cleaned.

Please let me know if you need any additional information.

Thanks,  
Josie
