

SWANSON ENVIRONMENTAL INC.

March 1, 1995

Ms. Pam Mylotta, Hydrogeologist
Wisconsin Department of Natural Resources
Environmental Repair Program
P.O. Box 12436
4041 N. Richards St.
Milwaukee, WI 53212

Dear Ms. Mylotta:

**SUBJECT: Notice of Intent to Proceed with Investigations at Allwaste, Inc.
12305 West Silver Spring Road, Milwaukee, Wisconsin
FID #241486630 ERR/ERP**

On October 10, 1994, and November 15, 1994, Swanson Environmental, Inc. (SEI) submitted to the Wisconsin Department of Natural Resources (DNR) two reports with workplans pertaining to Allwaste, Inc. Two separate reports and workplans were submitted to maintain the distinction between PECFA-eligible work items and tasks not eligible under PECFA.

To follow up on a conversation you had with Ms. Deborah Young on August 3, 1994, Allwaste, Inc. intends to proceed with the investigations as described in the workplans cited previously. Allwaste, Inc. takes this action under NR 716.09 (3) (b) which directs responsible parties to proceed with their proposed investigation if the DNR has not reviewed the submitted workplan(s) within 60 days. As also discussed during your conversation with Ms. Young, Allwaste, Inc. is to complete their soil and groundwater investigations and then prepare a Remedial Options document, which you would like the opportunity to review.

Thank you very much for your attention to my request. If you have any questions or comments please call me at 414/783-0880.

Very truly yours,

SWANSON ENVIRONMENTAL, INC.

A handwritten signature in blue ink that reads "Wayne R. Hutchinson". The signature is written in a cursive, somewhat stylized font. The first name "Wayne" is written in a larger, more prominent script, while "R. Hutchinson" follows in a similar but slightly smaller script. The ink is a vibrant blue color.

Wayne R. Hutchinson, CGWP
Senior Hydrogeologist/Project Manager
