Hi Lee,

As I mentioned in my phone message of last Friday, I regrettably left out item 14 MWI15 commodity well installation from the Feb 25th change order request for 45 feet at \$17.50/ft.

I'm scheduled to do this drilling on Thursday. Do I need to postpone it? Do you want me to submit a change order request for approval?

Thanks,

Sean Cranley, P.G.
