Dear Mr. Miller:

Your proposed Change Order #2 is approved. You may proceed with the proposed work. The DNR received the proposal titled Budget Request Change Order #2 prepared by Seymour Environmental and submitted on your behalf on May 8, 2014. The purpose of the change order is to perform subslab and indoor air vapor sampling.

Cost approved for this Change Order #2 is \$6985 for consulting and \$6925 for sub-contractors, for a total of \$13,910.

On October 12, 2012, the department approved via e-mail (attached) \$2,500 (\$2,000 for analytical and \$500 for consulting) for indoor air sampling that wasn't included as part of Change Order #1. This amount is also included in the total approved amount shown below.

The total cost approved to date for this site is \$55,492.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.
