Miller's Liquor LLC
6912 North Avenue
Middleton WI 53562

SUBJECT:

Dear Mrs. Miller:

Seymour Environmental submitted a budget request for proposed additional site investigation work on behalf of Miller's Liquor LLC on October 1, 2018. Your budget request is approved. Please proceed with the proposed work without delay.

The proposed work includes soil and groundwater sampling at and near the Miller's property to determine the degree and extent of contamination. The work also includes downgradient sampling and installation of two well nests (3 wells each) to provide data on the horizontal and vertical extent of contamination coming from the source property.

Cost approved for the additional investigation work is \$14,765 for consulting and \$37,000 for sub-contractors (the amount proposed less \$5000 for the optional rock coring), for a total of \$52,165.

The total cost approved to date for this site is \$109,067.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, and hazardous waste management and wastewater discharge rules.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at 608-275-3257 or cynthia.koepke@wisconsin.gov.

Sincerely,

A handwritten signature in blue ink that reads 'C Koepke'.
