Subject: Transfer of Project Management to Department of Commerce
Smith Property; 1102 West Atkinson Avenue; Milwaukee; Wisconsin

Dear Mr. Smith:

The State of Wisconsin divides the jurisdiction for sites contaminated by petroleum storage tank systems between the Wisconsin Department of Natural Resources (WDNR) and the Department of Commerce (Commerce), based on statutory definitions of high, medium and low risk sites. Under this statute, oversight of sites falling under the definition of "low or medium risk" is the responsibility of Commerce rather than the WDNR.

Your site appears to fall under the definition of "low or medium risk". As such, staff at Commerce will provide further reviews of submittals and all technical assistance related to this case. Accordingly, WDNR will transfer the above referenced file to Commerce at the following address:

Moncia Weis	(414) 220-5361	Wisconsin Department of Commerce
Gregory Michael	(414) 220-5375	Environmental & Regulatory Services
Linda Michaelis	(414) 220-5376	101 West Pleasant Street - Suite 100A
Steve Mueller	(414) 220-5402	Milwaukee, WI 53212
Lee Delcore	(414) 220-5403	

If you have questions or concerns regarding this site, or would like to review any of the pertinent file documents, you should direct them to Commerce staff listed above.

Sincerely,

Victoria Stovall,
Environmental Program Associate
Department of Natural Resources
Remediation & Redevelopment
