RE: Change Order, Former Packard Way Cleaners, 3650-3652 East Barnard Avenue, Cudahy, Wisconsin;
WDNR BRRTS #02-41-515150, FID# 241490920

Dear Mr. Boettcher:

Northern Environmental Technologies (Northern Environmental) is providing this Change Order to complete the additional investigation at the former Packard Way Cleaners, 3650-3652 East Barnard Avenue, Cudahy, Wisconsin (the Site). In an April 2, 2007 letter, the Wisconsin Department of Natural Resources (WDNR) requested additional soil and groundwater sampling in the area north of and between TW8 and TW12 to complete the site investigation.

WORKPLAN AND COST ESTIMATE

Northern Environmental proposes to install one temporary monitoring well/borehole between TW8 and TW12. The exact location of the temporary well will be determined based upon property access conditions. An access agreement with the adjacent property owner will be prepared. One near-surface soil sample and one soil sample near the observed water table will be laboratory analyzed for volatile organic compounds (VOCs). Groundwater from the temporary well will be laboratory analyzed for VOCs. Northern Environmental will prepare a brief letter report summarizing the results.

The estimated cost for completion of the proposed work is **\$2,388**.

Consulting/Engineering Services			
Associate Geologist	1 hour	@ \$123/hr	\$ 123.00
Project Geologist	14 hours	@ \$84/hr	1,176.00
Senior Technician/Drafting	2 hours	@ \$72/hr	144.00
Administrative	3 hours	@ \$51/hr	<u>153.00</u>
		Subtotal	\$1,596.00
Drilling Services	Lump Sum		\$600.00
Laboratory Services			
Soil VOCs	2	@ \$64/each	\$128.00
Groundwater VOCs	1	@ \$64/each	<u>64.00</u>
		Subtotal	\$192.00
		ESTIMATED TOTAL COST	\$2,388.00

We appreciate your consideration of this request. Please contact us if you have any questions or comments.

Sincerely,
**Northern Environmental
Technologies, Incorporated**

Christopher C. Hatfield
