Subject: Change Order for the Packard Way Cleaners Site, 3650-52 E Barnard Avenue, Cudahy, WI

Dear Ms. Doolin:

The Wisconsin Department of Natural Resources (Department) received a letter/report entitled "Change Order, Former Packard Way Cleaners" (dated April 12, 2007), from your consultant, Northern Environmental (Northern). The change order includes a request for Department approval for additional funding due to the need for an additional monitoring well to complete the site investigation at the site. The change order specifically requests an additional \$2,388.00.

This change order in the amount of \$2,388.00 is approved. Based on this approved change order, the total site investigation and interim remedial action costs approved to date [\$36,944.75 + \$2,388.00 = \$39,332.75].

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

The Department appreciates the actions you are taking to restore the environment at this site. If you have any questions regarding this letter you may contact me at (414) 263-8541. Please refer to the FID and BRRTS numbers on the top of this letter in any future correspondence.

Sincerely,

Andrew F Boettcher
Hydrogeologist
