Subject: Approval of the March 18, 2019, Change Order for Former Robinson's Cleaners – Beloit
BRRTS# 02-54-515602

Dear Mr. Kappen:

Thank you for submitting Enviroforensics' cost estimate for "Phase 30e" at the former Robinson's Cleaners site in Beloit. The additional work and cost estimate are approved. You may proceed with the work.

The work includes WPDES permitting, installing a buried discharge line, water sampling and reporting for the WPDES permit, and site restoration.

Costs approved under the March 18, 2019, change order include \$15,781 for consulting and \$23,749 for subcontractor costs, for a total of \$39,530. Because of the insurance settlement and re-entry of the project into the Dry Cleaner Environmental Response Fund (DERF) program, pre-2017 budgets and cost estimates may not be used as a basis for reimbursement. Similarly, no 'total approved budget' is calculated for the project. The past DERF reimbursements for this project total \$62,859. Costs approved since DERF re-entry are \$283,330.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

Please contact me if you have questions.

Sincerely,

Jeff Ackerman
Hydrogeologist
