Subject: Groundwater Contamination Investigation

Dear Mr. & Mrs. Kreuger:

As you know, the Wisconsin Department of Natural Resources (WDNR) has been conducting an investigation into contamination to your well. Our consultant, Earth Tech, has identified three properties where soil and groundwater contamination is known.

Enclosed is a copy of Earth Tech's report. Please feel free to contact me with questions regarding this investigation at 715-839-1604.

Sincerely,
