Subject: Band Box Tomah

Gina, REI met with John Tessman today and have been asked to move this project forward. Before we can provide a DERF required cost approval, we would like to review the historical reports to familiarize ourselves with the work completed to date. Can you please update BRRS with the 2 Metco reports, at a minimum, and also notify me when they have been uploaded? – Thanks!

Thank you,
David N. Larsen P.G.
Senior Hydrogeologist / Professional Geologist

The image shows a business card for REI Engineering. The card is divided into two main sections. The left section features the REI logo, which includes a globe icon and the text 'REI CIVIL & ENVIRONMENTAL ENGINEERING, SURVEYING'. Below the logo, the address '4080 N. 20th Avenue Wausau, WI 54401' and the website 'REIengineering.com' are listed. At the bottom of this section are four small icons: a person's head, a surveying tripod, a leaf, and a water tap. The right section of the card provides contact information for David N. Larsen, P.G., a Senior Hydrogeologist. It lists his email address 'Dlarsen@REIengineering.com' and three phone numbers: a toll-free number '1-877-734-7745', a local number '715-675-9784', a cell number '715-551-3434', and a fax number '715-675-4060'.
