Mr. James Luedtke  
10532 N. Council Hills Drive  
Mequon, WI 53097

SUBJECT: Case Closure review  
Cermatic, Inc., 10014 N. Wasaukee Road, Mequon, WI  
**DNR BRRTS Activity #: 02-46-529481 FID#246046350**

Dear Mr. Luedtke:

Thank you for submitting the GIS Registry fees for the above-referenced case. The Department is in the process of making a case closure decision on this case which is complicated because the property is abandoned and there is no viable property owner. We are reviewing options for how or if case closure will be granted. However, the Department believes that you are not responsible for any continuing obligations at the property that may be associated with the case closure and we believe you have met your obligation to investigate and remediate the contamination related to Cermatic, Inc.'s solvent recycling operations. The Department will not require any further response from you with respect to this case.

I will inform you of our decision regarding how we will track this case, either open or closed, with a listing on the Department's GIS Registry as soon as we have made that decision. Please call me at (414) 263-8533 if you have any questions. Thank you for your cooperation.

Sincerely,

Nancy D. Ryan, Hydrogeologist  
Remediation and Redevelopment
