Re: Sheboygan River and Harbor
Alternative Specific Remedial Investigation
Work Plan/QAPP July 1990

Dear Dawn:

This letter is written for the purpose of providing written documentation of final Agency approval of the Quality Assurance Project Plan (QAPP) for the Alternative Specific Remedial Investigation. The QAPP is a part of the Final Work Plan/QAPP dated July 1990. This follows my oral approval of the Standard Operating Procedure for Congener-Specific Analysis of PCBs, and of the June 1990 QAPP pending receipt of certain minor revisions we discussed during our telephone conversation on June 28, 1990. The July 1990 document addresses those revisions. I will not be sending an approval signature page; this letter provides said documentation.

Please give me a call should you have any questions.

Sincerely,

Bonnie L. Eleder

Bonnie L. Eleder
Remedial Project Manager
