**Subject:** Address for Pelican's Nest

Dave,

Wondering if you can help me out or direct me to the correct person. We are working through getting phase 2, Pelican's Nest, underway and have folks asking about the addresses of the site. If I recall correctly, I was previously told that the City wouldn't assign addresses until we pulled the building permit, is that correct? I do see on the GIS website that it appears there are two address (975 & 980) that show up on the site although they don't show when you drill down to the site – still listed as 0 E. John Street. Thoughts? It would be helpful if we knew what the addresses for that site were going to be.

Thanks,  
Colin
