Matthew,

We have received the submittal. It will not be posted on BOTW until the fee is received.

A few questions about the request:

- 1) Can you email a copy of the laboratory report for samples collected on 10/29/21? It appears that a lab report for a different project was accidentally attached in its place.
- 2) The contaminant concentrations for samples collected on 11/15/21 listed in the lab report and on the tables and figures are not the same. Is this there a reason for this or do the tables and figures need to be corrected?

Paul,

Following up on our discussion last week on the technical assistance request for the waste evaluation at the Superior Health Linens site. I submitted the haz waste form and supporting documentation last week but have not seen the submittal appear on the "BRRTS On The Web" site yet. Please let me know if the submittal was successful. The payment is processing within Golder/WSP's system (held up by all payment systems changing on January 1<sup>st</sup>) and should be mailed this week.

Thank you.
