Gwen,

Thank you for following up. The system was decommissioned on 11/22/22 and the hoses are stored onsite on the tank concrete pad. I've attached a link to some photos I took once everything was completed.

Grant,

I didn't hear how the system decommissioning went. Did everything run smoothly? Did you store the pipes on site? Thank you,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Gwen,

I wanted to let you know that we have finally been able to get the system decommissioning event on the schedule. I plan on meeting MJM Pumping on-site tomorrow, November 22nd. I'll send another email tomorrow letting you know that the decommissioning has been completed.

Let me know if you have questions,

Grant Zwiefelhofer
