Subject: RE: City of Antigo LGU exemption letters

Hi, John.

I need clarification of exactly what they are looking for. They ask for a liability exemption letter. BRRTS only shows things like Lender Exemptions and Liability Clarifications.

I've had this problem on something else, too, recently, and I think the problem is that the official names of action codes in BRRTS need to be updated to reflect changes that the Land Recycling Team has recently made.

Please let me know what action codes you want entered for each of the two checks (ie, what are they asking for), and please review the list of actions and bring this issue up with your Team.

Thanks.

Janet,

I received two \$500.00 checks from the City of Antigo today. They are for LGU exemption liability clarification letters for the former Langlade Oil Company site (02-34-000381) and the former Antigo Coop Hardware Store property (02-34-403499). I am sending you the checks via interoffice mail today.
