Nancy,  
I completed the exterior caulking. See attached picture.  
Hopefully this gets me current.  
Thanks,  
Tom

Tom,  
Attached please find the final copies of the DNR continuing audit form and the inspection form 4400-305 for the inspection completed on 7/12/16. Please remember to conduct quarterly inspections of the subslab depressurization system (SSDS) (manometer inspection) and annual inspection of cap and all other SSDS components. Inspection report (4400-305) should be submitted annually – in July. Also, please submit documentation once the exterior caulking has been completed. Thank you,

**We are committed to service excellence.**
