SUBJECT: Approval of Change Order Request #3
Former Highway Cleaners (aka Mound City Bank)– Boscobel, Wisconsin
WDNR BRRTS #02-22-543001

Dear Mr. Miesen:

This approval supersedes the October 27, 2014 "Approval of Change Order Request #2". Due to a misunderstanding, that previous approval was issued for an already-approved budget.

Your change order request for the Boscobel site is approved. The Wisconsin Department of Natural Resources (Department) received your request for variance to NR 169, Wis. Adm. Code, known as the Dry Cleaners Environmental Response Fund (DERF) program on October 16, 2014.

The additional approved costs are for site investigation, including sampling of the well network, additional sub-slab sampling for vapors, and the installation of new monitoring wells.

The approved change order costs are \$18,105 for consulting and \$24,850 for sub-contractors, for a total of \$42,955. The total cost approved to date for this site is \$61,748.

This variance does not assure all costs submitted for reimbursement by DERF will be approved. All costs are subject to the eligibility requirements listed under s. NR 169.13(2), Eligible Costs, and will be reviewed for compliance. All other requirements for investigation and remediation of the release as well as DERF requirements also apply. This variance approval will be filed and reviewed with any future DERF reimbursement requests.

If you have any questions regarding the content of this letter, please contact me.

Sincerely,

Jeff Ackerman
Hydrogeologist
