Mr. Jeff Miesen
Mound City Bank
25 E. Pine St.
Platteville, WI 53818

SUBJECT: Approval of SCS's July 1, 2024, DERF Change Order
Highway Cleaners (Former) 1509 Elm Street, Boscobel, Wisconsin
DNR BRRTS #02-22-543001

Dear Mr. Miesen:

Your change order (aka variance) request for the above-named site is approved. The Wisconsin Department of Natural Resources (DNR) received your request for variance of Wis. Admin. Code ch. NR 169, known as the Dry Cleaner Environmental Response Program (DERP) on July 1, 2024.

This variance allows commissioning of the repair of the vapor mitigation system, and associated consulting services. The approved costs include \$2,238 in consulting costs and 1,154 in subcontractor costs. The \$577 in ineligible costs included within the cost estimate are not part of this approval.

Please note that this variance in itself does not guarantee the reimbursement of costs by DERP. All incurred costs are subject to the eligibility requirements listed under § NR 169.13 (2), Eligible Costs, and will be reviewed for compliance. All other requirements for investigation and remediation of the release as well as DERP requirements also apply. Reimbursement is contingent upon availability of funding and a final determination regarding the eligibility of costs at the time of claim review. This variance approval will be filed and reviewed with any future DERP reimbursement requests.

If you have questions, please contact me.

Sincerely,

Jeff Ackerman, P.G.
Hydrogeologist
