FID# 268077480, BRRTS# 02-68-543070

Dear Ms. Fitzgerald:

This letter serves as Department of Natural Resources (the Department) approval of the additional costs for the Expanded Site Investigation proposed by KPRG & Associates at the Jill's Dry Cleaner site in Muskego. The cost proposal for the additional investigation is outlined in the July 24, 2007 budget submitted by KPRG. The cost for the additional work was broken into four tasks: 1) Expanded Site Investigation Planning 2) Implementation of the Expanded Site investigation 3) Report Addendum and 4) Disposal of additional wastes. Total cost for the expanded site investigation is estimated at \$10,097.

As required by the Dry Cleaner Environmental Response Fund program, three bids from qualified drilling firms were submitted and the low bid was determined to be Horizon Construction & Testing (Moraine Environmental). The laboratory analysis work did not need to be bid a second time, since there was no change in the unit rates.

This approval does not guarantee the reimbursement of costs. Final determination regarding the eligibility of costs will be determined at the time of claim review.

The Department appreciates the efforts you are taking to restore the environment at this site. If you have any questions regarding this letter or the site in general, please contact me at the letterhead address or (262) 574-2145.

Sincerely,

James C. Delwiche, P.G.
