Subject: Conditional Closure with Requirements to Achieve Final Closure  
Dick's Supermarket/Former Darlington Landfill, 149 Wells Street, Darlington  
WDNR BRRTS Activity Number: 02-33-544202

Dear Mr. Wangard:

On March 19, 2007, the South Central Region Closure Committee reviewed your request for closure of the case described above. The Closure Committee reviews environmental remediation cases for compliance with state rules and statutes to maintain consistency in the closure of these cases. After careful review of the closure request, the Closure Committee has determined that the petroleum-related contamination which seems to be associated with waste historically disposed on the site appears to have been investigated and remediated to the extent practicable under site conditions. Your case has been remediated to Department standards in accordance with s. NR 726.05, Wis. Adm. Code and will be closed if the following conditions are satisfied:

**MONITORING WELL ABANDONMENT**

The monitoring wells at the site must be properly abandoned in compliance with ch. NR 141, Wis. Adm. Code. Documentation of well abandonment must be submitted to me at the address noted above on Form 3300-5B found at [www.dnr.state.wi.us/org/water/dwg/gw/](http://www.dnr.state.wi.us/org/water/dwg/gw/) or provided by the Department of Natural Resources.

When the above condition has been satisfied, please submit the appropriate documentation to verify that applicable condition has been met, and your case will be closed. Your site will be listed on the DNR Remediation and Redevelopment GIS Registry of Closed Remediation Sites. Information that was submitted with your closure request application will be included on the GIS Registry. To review the site on the GIS Registry web page, visit <http://maps.dnr.state.wi.us/brrts>.

Please be aware that the case may be reopened pursuant to s. NR 726.09, Wis. Adm. Code, if additional information regarding site conditions indicates that contamination on or from the site poses a threat to public health, safety, or welfare or to the environment.

We appreciate your efforts to restore the environment at this site. If you have any questions regarding this letter, please contact me at (608) 275-3310.

Sincerely,

A handwritten signature in black ink, appearing to read 'Linda Hanefeld', written over a horizontal line.

Linda Hanefeld  
Hydrogeologist – South Central Region  
Bureau for Remediation & Redevelopment
