SUBJECT: Approval of "Change Order #1"
Twin Lakes Laundry, 111 South Lake Ave., Twin Lakes, Wisconsin

Dear Mr. Olsen:

The DNR received the proposal titled "Change Order #1" prepared by PEP Env. Services (PEP) and received on your behalf on July 24, 2007. In the proposal, which is dated July 13, 2007, PEP proposes to collect 1 ambient and 1 sub-slab air sample and two source area soil samples. In addition, PEP is proposing to complete two rounds of private supply wells and one round of monitoring well sampling. Your proposed sampling is approved. You may proceed with the proposed work.

The cost approved for this submittal is \$7,455. The previous cost approved for this site investigation to date was \$17,930. The total cost approved to date for this site is \$25,385.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

Please be aware that this letter does not represent Department "certification" that any response actions taken at your property, such as site investigation, remedial action or case closure under the ch. NR 700 series, are "approved by the Department," as those terms are used in the "remediated property; purchaser liability" section of the hazardous substance discharge law, s. 292.11, Stats.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review. If you have any questions regarding the content of this letter, please call me at 262-574-2146.

Sincerely,

Mark Drews, P.G.
Hydrogeologist
