Hi Nic,

Tauren forwarded me your e-mail below which indicated you would like to request an extension on your low-hazard exemption for the concrete fill material at the Mirro building. You can request an extension by sending me an e-mail. Please include a new timeline in your request. I'll respond with a letter granting the extension.

Thanks,

Hi Tauren,

I believe our approval to utilize low-hazard waste as fill material at 1512 Washington expired today. I'm writing to let you know we are still using that material as fill and would like to extend that timeline. Please let me know what is needed to request that extension. Thanks,

Nic
