Subject: RE: BRRTS #: 02-36-545108 (MIRRO PLT 9 [Former] - LGU)

Good morning Paul,

Thanks for the data transmittal. Since this is the last sampling from the Site Investigation Work Plan from October 2020 (besides the off-site properties you weren't able to get access to), a Site Investigation Report should be submitted. Per NR 716.15(1)(a), the report should be submitted within 60 days after receipt of the laboratory data, which was reported from the lab on December 23, 2021. Therefore, the report should be submitted by February 23, 2022.

If you have any questions, please feel free to contact me.

Have a nice weekend,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Good evening Tauren,

Attached for your records is a copy of the data transmittal letter for the December 2021 off-site groundwater sampling activities completed as part of the site investigation of the former Mirro Plant No. 9 facility (BRRTS #02-36-545108) located at 1512 Washington Street in Manitowoc, WI. Please note, a copy of the letter and attachments has been uploaded to the WDNR RR Program Submission Portal.

Thank you and have a great weekend.

Paul Lindquist
