Subject: Blatz Pavilion Project closure request

Attachments: Remedial Construction Documentation Report_no_appendices.pdf

Hi John. As we had discussed with Jim last week, I am following up with an email requesting you to reflect in the database that the Blatz Pavilion PCB Remediation site (BRTTS # 0241545124) has been successfully cleaned up. I am attaching the remedial construction document (without appendices) that is a record of all the work that was done on the site. The site was completed in August 2008. We also have more information on our Lincoln Park web site at:

<http://dnr.wi.gov/org/water/greatlakes/legacy/blatzpavilion.htm>
