Subject: Dry Cleaner Environmental Response Fund  
Approval to Solicit Remedial Action Proposals  
Master Drycleaning, 6323 West Bluemound Road, Wauwatosa, Wisconsin  
BRRTS # 02-41-545142, FID# 241398630

Dear Mr. Shipshock:

The Wisconsin Department of Natural Resources (WDNR) reviewed the March 2013, *Site Investigation Report* for the Subject site. The report was provided by your environmental consultant, The Sigma Group, and requests approval for the site investigation phase of this project. WDNR conditionally approves the site investigation for this project, and bases this approval on the review of information that was previously submitted. WDNR cautions that additional investigation may be required depending on the remediation results, or if additional impacted areas are identified.

Based on the information that was provided, you may solicit bids for remedial action under the Dry Cleaner Environmental Response Fund program. This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program, and final determination of reimbursement cost eligibility will be made at the time of claim review. Please provide a copy of the remediation bid request to WDNR.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

Please call me at 414-263-8366 if you have any additional questions.

Sincerely,

Jim Kasdorf  
Hydrogeologist  
Bureau for Remediation & Redevelopment

Cc: Ms. Kristin Kurzka, P.E., The Sigma Group, 300 West Canal Street, Milwaukee, WI 53233  
Cathy Burrow – CF/2, GEF 2, Madison

Conditions: Depends on results of any additional sampling.
