March 26, 2010

Mr. Randy Giese
5575 Sampson Road
Abrams, WI 54101

SUBJECT: Final Case Closure
Midstate Oil – Giese, 5575 Sampson Road, Abrams, WI
WDNR BRRTS Activity #: 02-43-545221

Dear Giese:

On March 19, 2010, the Northeast Region Closure Committee reviewed your request for closure of the case described above. The Closure Committee reviews environmental remediation cases for compliance with state rules and statutes to maintain consistency in the closure of these cases.

Based on the correspondence and data provided, it appears that your case meets the closure requirements in ch. NR 726, Wisconsin Administrative Code. The Department considers this case closed and no further investigation or remediation is required at this time. However, any future property owner needs to be aware that only a small portion of this property has been investigated as part of this case. Other areas of environmental concern unknown to the Department may exist somewhere else on the property.

Please be aware that this case may be reopened pursuant to s. NR 726.09, Wisconsin Administrative Code, if additional information regarding site conditions indicates that contamination on or from the site poses a threat to public health, safety or welfare, or the environment.

The Department appreciates your efforts to restore the environment at this site. If you have any questions regarding this closure decision or anything outlined in this letter, please contact me at (920) 662-5420.

Sincerely,

Keld B. Lauridsen
Hydrogeologist
Bureau for Remediation & Redevelopment
