Re: Request for Remedial Action Bid Proposal
Express Cleaners, 3941 N. Main Street, Racine, WI
WDNR FID# 252010000; BRRTS# 02-52-547631

Dear Mr. Nauta:

On behalf of the Ehrlich Family Limited Partnership (“Ehrlich”), our firm issued the enclosed request for remedial action bid proposals (the “RFP”), dated March 4, 2009, for the above-referenced site (the “Site”). As you are aware, on March 11, 2009, we postponed the deadline for submission of bid proposals to conduct additional investigations on the eastern portion of the Site (“Additional Investigations”), as requested by the Wisconsin Department of Natural Resource (“WDNR”).

The Additional Investigations requested by WDNR have since been completed and approved, and WDNR has authorized Ehrlich to proceed with the RFP process. Enclosed please find the results of the Additional Investigations for you to consider in preparing your response to the RFP. Completed bid proposals must comply with the requirements set forth in the RFP; however, in regard to installation of additional monitoring wells at the Site, WDNR is now requiring installation of only *two* additional wells to define the extent of shallow groundwater – one south of MW-8 and one across N. Main Street west of MW-8. All bid proposals must be received by this firm by close of business day on July 24, 2009.

If you have any questions about the RFP or believe that you do not have sufficient information to complete a proposal, please contact the undersigned to obtain clarification. We look forward to reviewing your proposal.

Sincerely,

Natalia Minkel-Dumit
