Subject: Underground Storage Tanks (UST)

Hello Ms. Neubauer,

The DNR is currently sending out informational letters to sites that have on-going cleanups in the UST program. I want to make sure we have the right contact information. In the past we have sent letters in care of Mr. Philip Rath. I don't know if Mr. Rath is still with the City. I would like to make sure our letter gets addressed to right person. Many other municipalities have their Director of Public Works handle their UST sites. Please let me know to whom the letter should be addressed.

Thank you for your time.

TOM
