Dear Ms. Dierickx:

Your variance request for the above-named site is approved. The Wisconsin Department of Natural Resources (Department) received your request for variance of section ch. NR 169.11(1)(c)9, Wis. Adm. Code, known as the Dry Cleaners Environmental Response Fund (DERF) program on date DNR received variance request.

This variance allows for more than three reimbursement requests to be submitted to the Department prior to submitting a site investigation report.

Please note that this variance in itself does not assure that all costs submitted for reimbursement by DERF will be approved. All incurred costs are subject to the eligibility requirements listed under s. NR 169.13(2), Eligible Costs, and will be reviewed for compliance. All other requirements for investigation and remediation of the release as well as DERF requirements also apply. This variance approval will be filed and reviewed with any future DERF reimbursement requests.

Any future specify details associated with this variance should be submitted to the Department and reference "Variance Approval #1 – s. NR 169.11(1)(c)9, Wis. Adm. Code".
