Subject: O&M report-Enbridge Spill

Hi Karl, I just finished reviewing the latest O&M + GW report for Enbridge (02-55-548746). I am ok with your recommendations for continued monitoring, however I noticed a couple of administrative items that should be corrected prior to submitting for closure.

- Property lines must be shown on at least 1 figure, including any affected off-site properties
- For lab results: Bold = ES and Italic = PALS
- All lab results(values) must be listed on Tables: "ND" or "-" must be changed to a value

If you have any questions, feel free to contact me. Thanks, Carrie
