Subject: DNR Oversight Fee Increase for Voluntary Party Liability Exemption
Lime Pit (Formerly Novak), 06-41-548795, REGV

Dear Mr. Schloss:

You are currently conducting a voluntary cleanup at the site identified above, and pursuing the Voluntary Party Liability Exemption provided by s. 292.15, Wis. Stats. This letter is to inform you that the hourly billing rate has been increased for DNR activities related to the Voluntary Party Liability Exemption. The new rate is \$105 per hour, which took effect on July 1, 2014.

Section 292.15(5) Wis. Stats., and NR 750, Wis. Adm. Code, grant DNR authority to assess and collect fees to offset the costs of the Department's activities related to the Voluntary Party Liability Exemption, including our time spent reviewing submitted documents and reports. DNR is required by s. NR 750.07(2), Wis. Adm. Code, to periodically recalculate the hourly billing rate.

Please contact your Project Manager, Monica Weis at 262/574-2182 or Monica.Weis@Wisconsin.gov if you have any questions regarding this fee increase or the fee assessment and tracking process.

Your actions to investigate and remediate this property are appreciated.

Sincerely,

Michael A. Prager
Land Recycling Team Leader
Bureau for Remediation & Redevelopment

PS - If you no longer wish to participate in the Voluntary Party Liability Exemption process or feel that you have received this correspondence in error, please contact us so we can update the case file.
