John, I apologize. We've had some staff issues also. We've had a draft proposal internally in the pipeline for a while that we will finalize as soon as possible. I'll get another update to you by next week so that a reply can be sent to WDNR for the semi-annual reporting before the end of July.

Bob, what is the status of this project?

I know there was turnover at the WDNR but it's been over 6 months since this e-mail and I've heard absolutely nothing.

Thanks
John

Hi Bob. I did. I have compiled a DERF formatted draft proposal to Marinette County and the department addressing the testing we discussed (additional piezometer and vapor testing in the restaurant crawl space). The proposal is going thru internal review. Hope to have the proposal ready in the next week or two.

I copied John LeFebvre from the county and my supervisor Jeff Maletzke on this email to keep them in the loop on this also. I also received the semi-annual reporting request this week which we will respond to as well.

Thanks.

Bob,

I sent you an email on Oct. 18 with regard to additional SI work the closure committee wanted completed. Did you receive the email?

Bob
