Milwaukee, WI 53212-0436

Dear Mr. Feeney:

As an update to Mr. Buck Sweeney's May 12 letter, the Village has received many proposals from engineering consultants. Village staff and I will meet on June 10 to narrow the finalists down to two or three and interview the finalists on or before June 24, 1997. The Village then proposes to select a consultant no later than July 15, 1997.

The Village is anticipating that the consultant will work closely with the Department of Natural Resources to identify the appropriate monitoring and/or remediation plan.

Sincerely,

Darrell Hofland  
Village Administrator
