

Discussion Items
Village of Grafton - Lime Kiln Park
Wednesday May 23rd, Room 139 SER HQ, Milwaukee, 10:00 a.m.,

1. West Plume:

Complete a Phase 1, 2, on the property, then a follow up 716 Site Investigation if needed

Resume sampling of West Plume wells

2. East Plume/Lime Kiln Plume:

Is MW-8 still increasing in concentration for vinyl chloride?

add'l wells needed

We need sampling reports for 2005 and 2006 data.

Since the RR program does not use GEMS, please submit biannual sampling paper report.

Was an evaluation done on trends in MW8 as stated in the June 2005 report?
