Subject: Village of Grafton/Lime Kiln Landfill

Dear Mr. Sweeney:

As you will recall, we met in late May to discuss the above landfill, which the Village of Grafton is in the process of investigating and remediating. In 2000, the Village agreed to follow the local government negotiation and cost recovery process (under s. 292.35, Stats.), in order to be eligible to receive state funding of \$400,000 under the Municipal Landfill Pilot Program. You stated at our meeting that the Village completed that process and submitted documentation to DNR regarding compliance with s. 292.35, Stats. I indicated that DNR did not have those documents, but that I would double-check with DNR staff to try to locate them. We have not been able to find the documentation. Therefore, I now request that you provide us with copies of those documents.

Please provide me with the documents at your earliest convenience. Thank you.

Sincerely,

Judy Mills Ohm
Attorney
