Subject: Change Order #13 Updated Approval, Former Camelot Cleaners, 1006 North Sixth Street, Wausau, DNR BRRTS# 02-37-551039

Dear Mr. and Mrs. Butz:

On November 13, 2019 the Wisconsin Department of Natural Resources (DNR) approved change order #13 for the former Camelot Cleaners site in Wausau. The total amount approved was \$20,461.00. On December 17, 2019, Terracon contacted the DNR requesting approval for costs associated with implementing traffic control along North 6th Street while performing field activities. A quote from Rent-A-Flash was provided as well as a request for additional consultant fees.

An additional \$1255.00 is approved for sub-contractor costs as well as \$315.00 for consulting costs- both associated with traffic control activities. The new total cost approved for this interim action is: \$22,031.00.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at 715-839-3750 or matthewa.thompson@wisconsin.gov.

Sincerely,

Matt Thompson - Hydrogeologist
Bureau for Remediation & Redevelopment
