Subject: Former Circus City Cleaners, 721 Broadway, Baraboo, Wisconsin
BRRTs No: 02-57-551681

Dear Mr. Jordan:

The Wisconsin Department of Natural Resources (Department) sent you a letter dated August 25, 2017 that described Circus City Cleaners as an 'open' site in the Remediation and Redevelopment Program and notified you of your responsibility to perform additional site action.

Additional information has been received by the Department since that letter was sent. Based on the information, the Department has determined that any liability you would have for "additional site investigation work, cleanup work or contamination mitigation work at the site for which you are described as a successor owner" was released, because your liability for such costs would be related to the claims that were asserted in the legal case at the Wisconsin Department of Justice.

The Department does not intend to seek additional action from you for this site as long as the terms of the executed agreement, executed stipulation and signed order are met (maintaining the schedule of payments) by Mr. McGraw.

I apologize for any distress that this may have caused you. If you have questions regarding this correspondence, please do not hesitate to write or call me at (608) 275-3297.

Sincerely,

A handwritten signature in black ink, appearing to read 'Wendell Wojner'.
