SUBJECT: Approval of Consultant Selection, Scope of Work, Bid Costs for site investigation, and Change Order #1 for Klinke Dry Cleaners Campus, 2875 University Avenue, Madison Wisconsin, WDNR BRRTS # 0213551964.

Dear Mr. Klinke:

On January 25, 2013, the Wisconsin Department of Natural Resources (Department) received your request to hire Enviroforensics as your environmental consultant for the site investigation activities at the Klinke Dry Cleaners Campus site. After careful review of the submitted proposals the Department is approving your request to hire Enviroforensics. The Scope of Work for the site investigation and the Change Order #1 we received on March 8, 2013 are also approved.

The cost approved for this scope of work and Change Order #1 is \$33,325 for consulting and \$14,557 for sub-contractors, for a total of \$47, 892, which is the total cost approved to date for this site.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.
