DNR BRRTS Activity# 02-17-552037
WDNR FID # 617044780

Dear Mrs. & Mr. Bodah:

Your proposed Change Order #8 is approved. Your consultant may proceed with the proposed work. The DNR received the proposal titled **Change Order #8** prepared by Cedar Corporation and submitted on your behalf on October 5, 2020.

This Change Order #8 supplements the scope of work defined in the previously approved Change Order #7. Generally, this cost includes additional materials to facilitate groundwater sampling, collecting a sub-slab sample and disposal of investigative derived waste (soil cuttings). The tasks include:

- Materials for construction of a temporary well, and additional footage during drilling.
- Providing containers for soil cuttings and disposal of cuttings upon completion of drilling activities.
- Collection of one (1) sub-slab soil vapor sample and laboratory analysis.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

Cost approved for this Change Order #8 is \$1,578 consulting, for a total of \$1,578. The total cost approved for the remedial action at this site now stands at \$32,719.43 for consulting and \$68,983.50 for sub-contractors, for a total of \$101,702.93.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please call me at 715 684-2914 ext. 134.
